

Life after Laurus

Labour Market Information (LMI)

The intended audience for this document is **Students/Parents and Carers**

All students have an equal entitlement to high quality Careers Education, Information, Advice and Guidance at Laurus schools that helps to prepare them for choices and transitions affecting their future education, training and employment.

Labour Market Information (LMI)

Labour Market Information provides you with information about the local area you live in:

- Wage rates and Job availability
 - Skills gaps and Unemployment rates
 - Reports from professional bodies
 - Economic summaries from the local area
- Labour Market Information ensures that young people are equipped with the information needed to make well informed realistic decisions.

Careers Software – Xello and Labour Market Information

At all our Laurus schools, we engage all students with the Xello Careers platform at 11 – 16. The online package is designed to connect 11-18 year olds with their future career potential. They combine the most comprehensive source of information with a personalised experience and career planning tools, helping our students to make more informed decisions about their future study and career options, as well as developing their employability.

They include:

- A student profile: students build their profile and access personalised study and career information.
- Modules: activities guiding students through the information
- Up to date information: engaging content on what to study, where to learn and the world of work.
- Online record of achievement to evidence skills for future applications and CVs.
- Employability action plan: Students set goals and stay in control of their career planning
